

1826 Intelli-Vent® Multi-Functional Pressure Relief Port

Part Number: 11826000004

Multi-Optional Junction Box

- Option 1: Electrical Junction Box (Shown Below)
 - Clean power source for future needs vs. going through wall
- Option 2: Hands-Free Motion Sensor (Shown above)
 - Low-profile
 - No door switch wiring

Always-On LED Security Light

- Energy-efficient
- Doubles as vent heater
- No switch required

Aluminum Louver/Heat Sink

- Prevents ice buildup
- Eliminates the heating element's electrical run

Dual Port Vent

- Doors operate easier and faster
- Capable of horizontal or vertical applications

MATERIALS

- Housing: Polycarbonate
- Heat sink: Die-cast Aluminum
- ACC Cover: Die-cast Aluminum
- Lens: Polycarbonate
- Hardware: Stainless steel

POWER

- 11 W, 120-277 V, 0.09 A, 50/60 Hz

LED

- Output: 1000 Lumens, 91 Lumens/Watt
- Color temperature: 4000k

Kason® Intelli-Vent® Dual Airflow Design

The Kason 1826 Intelli-Vent combines three products into one that help reduce your SKU's and labor, while also offering end users valuable improvements to their operations, security and bottom line.

- **24/7 Safety Illumination**
- **Hands-free operation**
 - Add-on motion sensor controls ceiling mounted lights
 - Eliminates the touch point of a wall-mounted switch
- **Reduces labor by installing a single product**
 - No vent heater or light switch electrical runs
- **Reduced SKU inventory**
 - Separate light switch and motion sensor not required
- **60% faster pressure relief*** (see page 2)
- **Energy saving design**
 - LED heats the pressure relief port to avoid frost build-up and condensation
- **Compact functionality and improved aesthetics**
