

1810JUV LED Fixture

Part Number: 11810JUV*

1810JUV 4' LED Fixture

FEATURES

- Specifically designed for wet and low temperature environments
- Universal input voltage
- Durable polycarbonate enclosure
- Pre-installed surface mount LED strips
- 4550 lumens, 130 lumens/watt (4' model)

*Part No.	Description
11810JUV2440	2' LED Fixture, 120-277 VAC, 4000K
11810JUV4840	4' LED Fixture, 120-277 VAC, 4000K

Note: 11810JUV2440 is special order only.

MATERIALS

- **Housing:** High-impact polycarbonate
- **Latches:** High-impact polycarbonate
- **Lens:** High-impact polycarbonate

DESIGN CRITERIA

- IP-65
- 4000K color temperature, constant current LED
- **Power:** 120-277 VAC @ 50-60 Hz (universal voltage)
- **Operating Temperatures:** -40°F to 104°F (-40°C to 40°C)
- Rated 50,000 hour life
- 5-year limited warranty
